A question has been given in this question and a statement related to it. Read the passage carefully and review the statement based on it.

Currently, logically, there is tremendous opportunity for this time the most famous Indian Test cricket team. It has won only two of the last eight Tests played out of Asia, the remaining six are lost. It needs to improve its performance, and Australia is the most suitable place for it. Because the conditions at this time are completely different.

A good series of winning a series in Australia can not be any more. Because at that time his two middle-order batsmen Steve Waugh and Ricky Ponting are not in the Australian team, who always perform well for their team and due to which teams are afraid of playing against them on their home pitches.

The current Australian team has lost three of the last five Test series. Australia is in miserable position in the absence of two of their best batsmen, Steve Smith and David Warner. Both of these batsmen are still suspended from three.

Statement: The absence of Steve Smith and David Warner is a blow to the Australian team.

Select the most appropriate option from the following.

A-statement is absolutely true.

B-Query is probably true.

C-statement can not be reviewed.

D-statement is completely false.

A question has been given in this question and a statement related to it. Read the passage carefully and review the statement based on it.

Currently, logically, there is tremendous opportunity for this time the most famous Indian Test cricket team. It has won only two of the last eight Tests played out of Asia, the remaining six are lost. It needs to improve its performance, and Australia is the most suitable place for it. Because the conditions at this time are completely different.

A good series of winning a series in Australia can not be any more. Because at that time his two middle-order batsmen Steve Waugh and Ricky Ponting are not in the Australian team, who always perform well for their team and due to which teams are afraid of playing against them on their home pitches.

The current Australian team has lost three of the last five Test series. Australia is in miserable position in the absence of two of their best batsmen, Steve Smith and David Warner. Both of these batsmen are still suspended from three.

Statement: The author has mentioned Steve Waugh and Ricky Ponting in reference to how strong the Australian team was earlier.

Select the most appropriate option from the following.
A-statement is absolutely true.

B-Query is probably true.
C-statement can not be reviewed.
D-statement is completely false.

- (A) **A - (Alternative 1)**
(B) B - (Alternative 2)
(C) C - (Alternative 3)
(D) D - (Alternative 4)
